DR. JOHN BULL'S

FOR THE CURE OF

FEVER and AGUE

or CHILLS and FEVER.

The proprietor of this celebrated medicine, justly claims for it a superiority over all remedies ever offered to the public, for the SAFE, CERTAIN, SPEEDY, and permane, for the SAFE, CERTAIN, STREET, and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases, a single dose has been sufficient for a cure, and whole familie have been cured by a single bottle, with a perfect restoration to general health. It is, however, prudent and it se more certain to care, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long stand-ing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, a single dose of BULL'S VEGETABLE FAMILY PILLS will be suif-

Louisville, Ky., Oct. 8, 1809.

Becter John Buil—Dear Sir:—Many thanks to you for the medicine you have so kindly given me. I have been a great sufferer for years, and had the advice of various physicians. Some pronounced my spine, some my lungs, and some my heart to be the seat of my disease. I have been burnt, blistered, and cupped, till I had become disease thereof. Several very eminent physicians who examined my spine informed ms that I was threatened with paralysis or appoplexy any day, and that nothing but a setom would relieve me. I had a perfect horror of that, and was hesitating about having one inserted, when you kindly sout me your Sarsapardila, which I immediately begun to take three times a day. I suffered terribly with a most acute pain in the right side of my head, especially when I would read or write for any length of time, and ca rising to my feet, I would be perfectly blind for several minutes, and would have to hold to something to prevent falling.

I am most happy to inform you that the pain in my least a settirely relieved. I suffer fur addon with my asime to the contract of the contract of the part of the pain in my least a settirely relieved. I suffer fur addon with my asime

I sm most happy to inform you that the pain in my head is entirely relieved; I suffer but seldom with my spine, and then not so acutely. My appetite is good; indeed, for the first time in sy life, I enjoy my dinner more than any meal during the day.

You kindly sent me four bottles again last night, and I began again this morning, and I hope to be entirely relieved. Please accept my heartfelt thanks and best wishes.

Very truly your most grateful friend.

ANOTHER TESTIMONY.

BENTON BARRACKS, Mo., April 30, 1866. tor John Bull—Deer Sir.—Knowing the efficacy of Sarsaparilla, and the healing and beneficial quali-possesses, I send you the following statement of

my case:

I was wounded about two years ago, was taken prisoner, and confined for sixteen months. Being moved so often, my wounds have not heated yet. I have not ast the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than anything else. I wish that which is genuize. Please express me half a dozen bottles, and oblige.

P. S.-The following was written April 30, 1866, by Mrs. Johnson, mother of Capt. Johnson:

Dr. John Buil.—Dear Sir:— My husband was a skillful aurgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age, he had a chronic diarrhea and scrafula, for which I gave him your Saraaparilla. It sured Aims. It have for ten years recommended it to many in New York, Ohio, and Jowa, for acrofula, fever-sures, and general debility. Perfect success has attended it. The curse effected, in some cases of acryluic and fever sorra, were almost miraculous. I am very anxious for my son to again have recourse to your Saraaparilla. He is fearful of getting a apurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover. huson, mother of Capt. Johnson :

PETTUSVILLE, Wich is in the State UV Onio, Orgust 5, 1879. I felt it my dooty to heed the Masedonian I felt it my dooty to heed the Masedonian cry wich the Dimocrisy uv Ohio yelped, "Kum over and help us!" and I went, to do a little mishunary work in the suthern part uv the State, for that 'possel uv onlimitid money, that harbinger uv good times, Gineral Ewin. I wish I waz hack in the Corners, and shel git ther jist ez soon ez the Sentrel Committy lets me leeve this most thoroly discuragin kentry.

Ef the rest uv the State is anything like this seckshun, Ohio is gone up. Rooin is before Ohio, and the State is drivin full tilt onto it.

I met with no sucksess at all, wich wuz not my fault, as the condishus are agin me. I wuz never so disappintid in my life, and hope never

never so disappintid in my life, and hope never to be so agiu.

I expected to find a people reddy to receive Dimekratic doctrine. I expected to find a distrest kentry, filled with farmers bemoanin the hard times, and mekanics layin idle, with ther families starvin. I expected to find a shoolis, hattis, coatiis commoonity uv serfs, wich hed bin ground down by the money power, till they wood be willin to reseeve any promis nv change with joy and gladnis. I expected to see factrys silent and farms desertid, shops the up, and only nashnel banks and sich, open. I expectid to find pale men, week eyed with hunger, and pale-faced, desparin wimmen, starvin therselves that they mite keep life into ther angel bakes.

I hed bin reedin Dimekratic papers, yoo see, about the peeple bein ground under foot, and I hied me to Ohio with the most joyous antissipashess.

when I struck Pettusville, it okkured to me that I must bev got into the rong locality. I arrived in the nite, and I notist the landlord uv the hotel wade suthin over two hundred, and his wife waz suthin over two hundred, and his wife waz suthin bevier, but that didn't affect me. In all strikly Dimekratic localities, landlords grow fat, no matter who else grows leen, wich they ginrally do. I turned in, and hugged the ijee to my buzum that I shood hev ezy work to do in that place.

The fast thing I notist in the mornin, wuz a string uv teems a mile long, more or less, waitin to onload wheat at the warehouse on the rale-rode. The mes onto the lodes waz about ez hale and harty a set uv fellers ez I ever seed. They wuzn't pale nor wan, nor nothin. They wuz hefty spesimens, and lookt ez tho they hed hed three square meels a day all ther lives.

To my herror, I notist that the shops wuz all open, and the mekanics all very hard at work, and that the three factries is the town hed torrents us smoke a bilin out uv ther chimblys.

Bein entirely shoor that I hed been sent to the right place, in spite uv these discuragin appeerances, I approached a farmer wich he is old his lode, and wuz jist a goin into a bank with his wife.

"My frend," sed I, "yoo are a victim uv the When I struck Pettusville, it okkured to me

"My frend," sed I, "you are a victim uv the money power."
"Wat !" wuz his reply, lookin ez tho he that I

waz a escaped loonatic. "You are a serf, a bondman, and are held in the iron grip uv the blotted bondholders, wich is a squeezu the life blad out av you." "Is they !" sed he. "I never that uv that. But

I kin beet em. I reely haven't time to diskuss
the matter, for, yoo see, I'm gain to be a build
bloatholder myself. I hev jist sold my wheat,
and I'm jist goin in to buy a bond or two. I
want to be a aristocracy myself awhite."

And he clossid me, leevin a button into my
hand.

Reposition the agent among the matter.

And he clouded me, leevin a button into my hand.

Repectiu the same remark to another one, he meerly remarkt: "O, git out, yoo ass! Wheat thirty bushels to the aker, and a dollar a bushel, gold. I want a grate many yeers more uv this kind uv rooin. Wher yoo frum, anyway f?

Abandonin the farmers in disgust, for I got the the same anser from all nv em, I attemptid to git in my work onto the distrest mekanics, wich must hev bin rooined by resumpahen, but my suckasess wuzn't any better. I don't know but I cood hev convinst em that they wuz all rooined, of I hed hed a fare show, but the alarmin fact wuz, that they wuz all too bizzy to lissen to me, for it happened to be pay day. Evry man uv em went out uv the offis with his money in foll, and evry man uv em deklined to heer a word I sed.

the place.
I can't understand wat Ewin sent me to sich a place for, and I telegrafed him. The Dime-kratic Sentrel Committy ansered:
"Hold on awhile. A hevy frost may come in Orgust, and kill the corp, and fetch em to ther seuses. Then they will know wat Sherman hez dun for em. Suthin must be left to Providence."

And so I am settin in the tavern, watchin the thermometer. It is a corn kentry, and the farmers depend upon that crop for the heft uv ther profits. Ef the Lord wood only take pity onto the Dimocrisy, and send a hevy frost, a reglar black frost, this mouth, I shood hev sum show. It wood derange things, and tare up matters to sich a extent, that it wood give us a chance. But then the wheat crop waz so hevy, that I am not shoor that even the totle destruckshen ny the corn crop wood save us. The how kolera nv the corn crop wood save us. The hog kolera can't cum soon enuff, and ez fur the cattel and hosses, I hev never seed em so very disgustinly

hosses, I her never seed em so very unquestion, helthy. Still, I shel set and watch the thermometer and cuss John Sherman, ex the Sentrel Commit-ty direx. It is possible that sum distress may cum to the kentry before October, tho reely I see no encuridgin sines.

PETROLEUM V. NASBY,

This story is not true, but it has as much foundation as most of the diplomatic secrets that are published in the papers: It is rumored in official circles that Mrs. President Hayes insists on the recall of Minister Welch, because Mrs. W. has failed in wringing out of Queen Victoria her celebrated secret recipe for taking lemon stains out of black silk. She means to have a good lemon-stained diplomatist at the Court of St. James, or she'll know the reason why.

It was a warm afternoou, and young Mr. Cummagen did not go into the house, but sat down on the porch, as was his custom after ringing the bell. Her little sister came to the door and looked at him with some curiosity. "Does your sister Mabel know I am here, Nellie ?" he asked. "Oh, yes," replied the innocent prattler, "guess she does; she told me to come out and see how shady it made the front yard when you put your feet upon the porch railing." feet upon the porch railing."

"Lr's see," said a bewildered Republican, the other day, laying down a copy of the Okolona States, which he had been reading, "didn't Lee drive Grant out of Virginia, obliging him to travel in China, Japao, and all of them foreign parts; and didn't Jeff Davis pardon Lincoln if Horace Greeley would go on his bond f It does fuddle a man's idees to read this paper, sure enough."—Cincinnati Saturday Night.

The MASON & HAMLIN ORGAN CO, have the honor to amounce that the organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876 and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent jurice ever assembled. They have also received the MEDAL, but, as is well known, medias of equal merit have been awarded all articles decemed worthy of recognition; so that it will be easy for makers to advertise that they have received "first medials."

sy for makers to advertise that they have received "first media".

The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges, from which the following is an extract:

"THE MASON & HAMLEN ORGAN CO."S CRIBE THE MASON & HAMLEN ORGAN CO."S CRIBE OF STATE OF THE EXPERAL REQUISITES OF INSTRUMENTS OF THE EXPERAL REQUISITES OF INSTRUMENTS OF THE GLASS, viz. Smoothness and cannel distribution of fonce, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action." (Signet by all the Judges.) The Mason & Hamlin Organs are this declared to rank first not in one or two respects only, but in the SEVERAL ERQUISITES of such instruments, and they are the ONLY one assignment of the property of the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and
